

At the Hidden Gem of Gruene, we offer two options that we have found give our clients the flexibility and ease they need to plan an event of a lifetime. With the DIY option, our venue is available for your complete customization because we know sometimes our clients have a specific vision in mind.

In 2023, we will begin offering turnkey packages. This option is best for those who need more direction and guidance.

Having worked in the industry for many years, we know which details can make or break your wedding or event, and so we aim to alleviate the pressure and overwhelmed by providing you with this turnkey package.

Included in this option are catering, event coordination, floral, bar and any other management that is necessary to bring your vision to life.
